DETAILED ACTION

Response to Amendment

Response to Arguments

1. Applicant's arguments, see page 7, line 23 to page 10, line 30, filed 15 February 2006, with respect to the rejection(s) of claim(s) 1-11 under 35 USC 102 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of Perry (US 3,773,844).

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1-11 are rejected under 35 U.S.C. 102(b) as being anticipated by Perry (US 3,773,844).

Perry discloses a facilitated transport membrane for separating alkene hydrocarbons from hydrocarbon mixtures comprising a porous supported membrane and a transition metal salt-polymer membrane consisting essentially of a transition

metal salt and polymer, wherein the transition metal salt is physically dispersed within the polymer, wherein the polymer (polyethylene, cellulose or polystyrene – see col. 4, lines 33-51) has no functional group capable of forming a complex with the transition metal salt, and wherein the facilitated transport membrane is capable of operating under dry (vapor-vapor permeation) conditions in col. 2, line 1 to col. 8, line 20. Perry discloses the transition metal salt comprising the cations and anions recited in claims 2-6 in col. 4, line 52 to col. 5, line 19. Perry discloses the alkene and hydrocarbons recited in claims 10 and 11 in col. 3, lines 26-44.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
